Note: If you have more than 20 images, attach an additional sheet listing those images.

INSTRUCTIONS to submit images:

New members are welcome to submit images to the website for a personal gallery at any time. A member's personal photo gallery can contain as few as 6 images, and up to 30 images. Images can also be submitted for other GVCC Website Galleries (refer to the Galleries section of the GVCC Website for more information).

If you shoot digital you can start your gallery by saving your files to a CD in **JPEG** format. Alternatively, you can bring your images on a USB or flash drive, but, please notify the CONTACT person before the meeting so they can bring a computer to download your images. Prints and slides will need to be scanned and submitted as JPEG files. In addition, you can send your images to our Galleries Staff via email to galleries@gvcameraclub.org (be aware there are size limits with many email accounts so this is best if you are just adding a few images). Images will be reviewed for acceptance.

Our software will automatically re-size your images to a web-friendly appropriate size for presentation in the galleries and slideshow. Feel free to submit full resolution images at a **maximum dimension size of 1024**. If you only want a certain size of your images freely available on the internet, please provide downsized versions of your images at the largest size you want to be viewable. Images should be file named with an appropriate title, such as "JWRoberts-Saguaro Symphony.jpg" and "JWRoberts-Cactus Flowers.jpg", or "JWRoberts-Img_2014". Use **YOUR** initials and last name. (Note: spaces are acceptable in the filename.) Any images can be submitted for your member personal photo gallery, they do not have to be images that you have shown at GVCC. If you would like your images shown in a specific order, provide a list of your image titles in the order you desire. If a sequence order is not provided, your images will be displayed alphabetically.

Any Questions? Ask your GVCC activity or SIG "Contact" person -or- email to: galleries@gvcameraclub.org
